AL SALAM BULLETIN

## OVERVIEW ABOUT AL SALAM BULLETIN

Al Salam bulletin is your one stop comprehensive newsletter, for all the latest healthcare content. Stay updated with latest healthcare related news, public health advice, narrative experiences, training, and links to valid sources for further reading / fact-checking. Medical Development Center highlights Bulletin sources for you to keep abreast of the latest developments and trends in the Healthcare industry.

### Health Awareness Days

#### World Aids Day: Dec 1, 2025

[hiv.gov](https://hiv.gov)

World AIDS Day 2025 is a global moment to reflect, recommit and act so that no one is left behind.

World AIDS Day 2025, under the theme "**Overcoming disruption, transforming the AIDS response**", calling for sustained political leadership, international cooperation, and human-rights-centered approaches to end AIDS by 2030.

You can only get HIV by coming into direct contact with certain body fluids from a person with HIV who has a detectable viral load. These fluids are:

- ✓ Blood
- ✓ Semen (cum) and pre-seminal fluid (pre-cum)
- ✓ Rectal fluids
- ✓ Vaginal fluids
- ✓ Breast milk

#### International Day of Persons with Disabilities: Dec 3, 2025

[un.org](https://un.org)

2025 IDPD theme: "**Fostering disability inclusive societies for advancing social progress**". This year's observance builds directly on the momentum of the Second World Summit for Social Development, held in Doha in 4-6 November 2025.

#### A Call to Place Disability Inclusion at the Centre of Social Progress

- ✓ Higher risks of poverty
- ✓ Limited access to decent work and lower wages
- ✓ Gaps in social protection, especially for those in the informal sector
- ✓ Barriers to autonomy, dignity and agency within care and support systems
- ✓ Unequal access to assistive technologies and accessible environments

## Fact Sheet About HIV

### KEY FACTS ABOUT HIV:

- ✓ HIV remains a major global public health issue, having claimed an estimated 44.1 million lives to date. Transmission is ongoing in all countries globally.
- ✓ There were an estimated 40.8 million people living with HIV at the end of 2024, 65% of whom are in the WHO African Region.
- ✓ In 2024, an estimated 630 000 people died from HIV-related causes and an estimated 1.3 million people acquired HIV.
- ✓ There is no cure for HIV infection. However, with access to effective HIV prevention, diagnosis, treatment and care, including for opportunistic infections, HIV infection has become a manageable chronic health condition, enabling people living with HIV to lead long and healthy lives.
- ✓ WHO, the Global Fund and UNAIDS all have global HIV strategies that are aligned with the SDG target 3.3 of ending the HIV epidemic by 2030.

### GLOBAL IMPACT

By 2025, 95% of all people living with HIV should have a diagnosis, 95% of whom should be taking lifesaving antiretroviral treatment, and 95% of people living with HIV on treatment should achieve a suppressed viral load for the benefit of the person's health and for reducing onward HIV transmission.

## Facts About IDPD

### WHAT? WHEN? HOW?

International Day of Persons with Disabilities (IDPD) is a globally recognized observance dedicated to promoting the rights and well-being of persons with disabilities. This day highlights the importance of inclusivity, accessibility, and equal opportunities for individuals with disabilities, while also celebrating their achievements and contributions to society.

### What is International Day of Persons with Disabilities 2025?

International Day of Persons with Disabilities (IDPD) is an annual event established by the United Nations to raise awareness about the challenges faced by persons with disabilities and to promote their full and equal participation in all aspects of society. It serves as a platform to advocate for the rights and dignity of individuals with disabilities.

### When is International Day of Persons with Disabilities 2025?

International Day of Persons with Disabilities is observed globally on December 3rd each year. This date provides an opportunity for governments, organizations, and communities to come together to raise awareness, promote inclusion, and take action to improve the lives of persons with disabilities.

### How to Participate in International Day of Persons with Disabilities 2025?

Participating in International Day of Persons with Disabilities is a meaningful way to show support for the rights and well-being of individuals with disabilities.
